

# Privacy policy

## Introduction

LionLasers respects the privacy of all site users and ensures that the personal information you provide to us is treated confidentially. We do not collect or use information for purposes other than those described in this privacy policy unless we have obtained your prior consent. On this page, we let you know what data we may collect when you use our website and why we may collect this data. This privacy statement applies only to the services on this site, you should be aware that LionLasers is not responsible for the privacy practices of other sites and resources. By using this website, you indicate your acceptance of our privacy policy.

## Changes

This privacy statement is tailored to the use of, and the features on, this site. Any adjustments and/or changes to this site, may result in changes to this privacy statement. LionLasers reserves the right to make changes to the privacy and cookie statement at any time, it is therefore advisable to consult this page regularly.

## Processing personal data

LionLasers will carefully process the information left or posted by you on this website. In addition, data provided by you to us, such as name and e-mail address, may also be processed. When processing, your privacy will be protected by appropriate technical and organisational measures. The processing will of course take place in accordance with the applicable (privacy) laws and regulations.

### Purposes of processing personal data

The personal data you have provided to us will only be processed for the following purposes:

For contacting you, for the purpose of our services

### Communications

When you send e-mail or other types of messages to us, we may retain those messages and additional data supplied. Sometimes we will ask you for your personal data relevant to the situation at hand. This enables us to process your queries and respond to your requests. The data will be stored on secure servers LionLasers or

those of a third party. We will not combine this data with other personal data in our possession.
